Link your address to Gmail

1. On your computer, open [Gmail](#).
2. In the top right, click Settings > **See all settings**.
3. Click the **Accounts and Import** or **Accounts** tab.
4. In the "Check mail from other accounts" section, click **Add a mail account**.
5. Type the email address you want to link, then click **Next**.
6. Select **Link account with Gmail (Gmailify)**, then click **Next**.
7. Follow the steps on the screen, then click **Next** or **Sign in**.

After you link your account, "Gmailify" will appear next to your email address. When you open Gmail, you'll be able to read, reply to, and organize messages from your other account just like you do in Gmail.

Unlink your address

1. On your computer, open [Gmail](#).
2. In the top right, click Settings > **See all settings**.
3. Click **Accounts and Import**.
4. In the "Check mail from other accounts" section, click **unlink**.

After you unlink your other account from Gmail, you can choose to keep or delete copies of your other account's messages in your Gmail inbox.

- If you delete copies from Gmail, they'll still be in the inbox of your other service (for example, Yahoo or Hotmail).
- If you keep copies in Gmail, they'll stay in your Gmail account. However, if you move or
